

Qualification Programme

Associate Module 8 Principles of Auditing

Pilot Examination Paper

Time Allowed	2 hours 30 minutes		
Examination Assessment Allocation			
Objective Type / Scenario-based Questions	100 Marks All questions are compulsory		

This pilot examination paper simulates a typical examination paper that assesses candidates' core foundational technical knowledge of the subject matters, and their skills in applying the knowledge to tackle routine professional problems, including computations. Mark(s) for each question is set in accordance with its level of difficulty.

The sample questions in this paper are to help candidates familiarise themselves with the form and style of questions which they may see in the Module 8 examination. The sample questions and answers are for reference only, and the content may not have been updated to reflect any changes in relevant standards or legislation.

You should answer **all questions** in this paper and allocate approximately 1.5 minutes for each mark.

The audit junior has asked you what factors must be lered when designing the sampling plan to test the existence and valuation of trade receivables. Identify which of the following would be factors the auditor must ler. (2 marks)
	(1)	The nature of the client's industry.
	(2)	Management's attitude to internal controls.
	(3) (4)	The purpose of the procedure. The nature of the audit evidence sought.
	(5)	The law and regulation applicable to the client's industry.
\bigcirc	A. (1)	and (2).
_		and (3).
\bigcirc	C. (3)	and (4).
\bigcirc	D. (4)	and (5).
27	Dete	rmine which of the following audit procedures is/ are appropriate to test the completeness assertion for trade payables and accruals. (2 marks)
	(1)	Examine files for any unmatched purchase orders and suppliers' invoices for any unrecorded liabilities.
	(2)	Vouch selected amounts from the trade payables and accruals schedule to the suppliers' invoices.
	(3)	Compare the current year balance of trade payables and accruals to that of the previous year.
0	A. (3) only.
0		1) and (2) only.
0		1) and (3) only.
\bigcirc	D. (2) and (3) only.
28	combi	e the audit senior designing the audit programmes for the payroll cycle for the year ending 31 December 2024. The audit engagement partner has requested that a nation of substantive procedures and tests of control be carried out. Determine which of the following are tests of control audit procedures over the entity's payroll (2 marks)
	(1)	Review source data (such as clock cards or time sheets) for evidence of review by a senior official to ensure that employees are only paid for hours worked.
	(2) (3)	Test the calculation and agree the total payroll expense per the payroll system with the general ledger and the financial statements. Review payroll reports for evidence that they have been authorised by a responsible official (this verifies adequate segregation of duties).
	(4)	Confirm that payroll master file data is only able to be changed by the human resources department and not the payroll department by reviewing a log of
		amendments to payroll master file data.
	(5) (6)	Recalculate the gross and net pay for a sample of employees and agree with the payroll records. Perform a proof in total of the payroll expense, incorporating joiners and leavers and the annual pay increase. Compare this expectation with the actual payroll
	(0)	expense per the financial statements and investigate any significant differences.
	(7)	Review Board minutes for evidence that bonuses and/or annual pay increases have been agreed by the directors.
	(8)	Observe the payroll process in operation, ensuring that adequate review processes are in place (e.g. a senior member of the finance department authorises the ban transfer to employees and that the payroll is reviewed by a senior official prior to it being finalised).
\bigcirc	A. (1)), (3), (4) and (8).
\bigcirc	B. (1)), (3), (4), (7) and (8).
), (4), (5), (7) and (8).
_), (3), (4), (6) and (8).
\bigcirc	E. Al	of the above.

29	lde	entify which of the following are substantive analytical procedures. (2 marks)
	(1 (2 (3 (4 (5	Obtaining a breakdown of standard cost calculations and agreeing a sample of costs with invoices. Calculating the gross profit margin, comparing to prior year and investigating any significant differences. Calculating the inventory holding period, comparing to prior year and investigating any significant differences.
\mathbb{C}	A.	(1) and (2).
		(2) and (3).
		(3) and (4).
		(4) and (5).
	٥.	
30		nen designing substantive analytical procedures, there are four elements which comprise distinct steps in the process. Identify which of the following are the correct ments. (2 marks)
	(1)) Develop an independent expectation.
	(2)	Define a significant difference or threshold.
	(3)) Perform recalculation.
	(4)	
	(5)) Discuss the outcome with the engagement team.
\bigcirc	A.	(1) and (2).
\bigcirc	B.	(2) and (3).
\bigcirc	C.	(3) and (4).
	D.	(4) and (5).
31		audit client has refused to provide certain representations to the auditor. Identify which of the following are not the suggested responses by the auditor under the above
01		rumstance. (2 marks)
	(1)	
	(2)	
	(3) (4)	
_		(1) and (2).
_		(3) and (4).
		(1) and (3).
\cup	D.	None of the above.
32		ring the planning phase of the audit, the auditor will carry out preliminary analytical procedures which include ratio analysis. Identify which of the following ratios are offitability ratios: (2 marks)
	(1)) Current ratio.
	(2)	
	(3)) Gross profit margin.
	(4)	
	(5)) Gearing ratio.
\bigcirc	A.	(1) and (2).
\bigcirc	B.	(2) and (3).
\bigcirc	C.	(3) and (4).
\bigcirc	D.	(4) and (5).
[33	Ide	entify which of the following factor(s) is/ are NOT correct when an auditor is designing a sample. (2 marks)
	(1)	L) State the objectives of audit procedures and the period covered.
	(2)	2) Ensure the population is not one for which the audit engagement partner does not require sampling to be applied.
	(3)	P) Determine the projected misstatement.
	(4)	1) Consider the possibility of any anomalous error.
	A.	(1) only.
$\tilde{}$		(1), (2) and (3).
$\tilde{}$		(2), (3) and (4).

SECTION B -SCENARIO-BASED QUESTIONS (Total: 26 marks)

Answer **ALL** questions in this section. Together they are worth 26% of the total marks for this examination.

For Questions 38, 39 and 40

You are required to complete three questions based on the following scenario.

PHD & Co has been the auditor of a Hong Kong listed company – Good Health Limited ("GHL") for seven years. The partner in charge of this audit has always been Kelvin over this seven year period. Same as the prior years, GHL plans to celebrate the completion of the audit by arranging a party for their staff and the audit team. In order to enhance the atmosphere of the party, a lucky draw is arranged every year and everyone can get a piece of gold of a different weight. The chairman of GHL believes that the money is well spent as such an arrangement can enhance the audit efficiency of each year.

Close to the end of the audit team's field work for the financial year ended 31 December 2024, Kelvin was approached by the chairman of GHL discussing the continuation of the assurance engagement for the next year. The only condition was that the bank loan of GHL could be renewed after the current year's audit with an unmodified auditor's report. The renewal of the bank loan is critical for GHL's continuation of business.

After evaluating all the audit evidence, Kelvin concluded that there was a material uncertainty regarding the renewal of the bank loan of GHL and such material uncertainty has been adequately disclosed in its 2024 financial statements. He also concluded that the management's use of the going concern basis of accounting to prepare GHL's 2024 financial statements is appropriate. The auditor's report was issued on 31 March 2025.

* * * END OF SCENARIO * * * 38 39 40 Analyse the situation of GHL for PHD & Co and identify which three of the potential threats and the ethical principle that may be breached. (2 marks) A. Familiarity threat. B. Self-review threat. C. Advocacy threat. D. Self interest threat. E. Intimidation threat. 38 39 40 Based on the situation outlined in the third paragraph of the case, explain what types of auditor's opinion should be issued by PHD & Co. (2 marks) A. Unmodified opinion. B. Qualified opinion. C. Adverse opinion. O. Disclaimer opinion. E. Unmodified opinion with a separate section under the heading "Material Uncertainty Related to Going Concern". 38 39 40 Subsequent to the issuance of auditor's report, GHL reappointed PHD & Co as it's auditor for the financial year ending 31 December 2025. Identify the duration of cooling-off period that Kelvin has to be followed? (2 marks) A. 2 consecutive years. B. 4 consecutive years. C. 5 consecutive years. D. 7 consecutive years.

Module 8 (Pilot Examination Paper)

E. Cooling off is not required.

For Questions 41, 42, 43, 44 and 45

You are required to complete five questions based on the following scenario.

AEC Limited is a retail company with more than 20 physical stores in Hong Kong, which sold books, VCDs, DVDs, Blue-rays, and CDs in the past. The company has gone through a significant transformation last year and has become an e-commerce trading company. It closed majority of its physical shops and is now an internet-based retailer selling books, VCDs, DVDs, Blue-rays, CDs, video downloads/ streaming, MP3 downloads/ streaming, audiobook downloads/ streaming, software, video games, electronics, apparel, furniture, food, toys and jewellery.

AEC Limited has separate retail websites for different countries and it offers international shipping to those countries for most of its products. All the goods are priced and transactions are settled in the customers' local currencies. Inventory counts take place at the end of the year for all the stores and for the warehouse by the teams of warehouse staff. However, subject to the availability of staff, inventory counts are conducted within one week before or after the year end date.

PF & Co has been the auditor of AEC Limited for five years. In the past years' audits, the audit team noticed that many VCDs were slow-moving items. However, the management explained that those VCDs could be sold more quickly after the online selling platform is ready.

During the current year's audit, the following issues are identified:

- The inventory count was conducted two weeks after the year end date as the management explained that a material number of inventories originally kept in the physical stores were in transit back to the warehouse.
- · After the online store has been set up, it is found that those VCDs are still slow moving and even no movement for many of the items.

From AEC Limited's draft financial statements for the current year's audit, the amount of total assets of the company at the end of the year is HK\$120 million, net amount of current assets is HK\$5 million and the profit for the year is HK\$1.2 million.

* * * END OF SCENARIO * * *

41 42 43 44 45 List three main category of business risks: (2 marks) A. Operational risks. B. Concentration risks. C. Financial risks. D. Compliance risks. E. Geographic risks. 41 42 43 44 45 Evaluate any information technology risks faced by AEC Limited in the new business model by the expansion of the company's e-commerce trading business. (2 A. The loss of adequate audit trails in either paper or electronic form regarding the e-commerce retailing trading transactions. B. The e-commerce security risks such as virus attack or fraud by customers, employees and others through unauthorised access to the e-commerce trading system of the company. C. Non-compliance with the laws and regulations of other countries due to the absence of knowledge. D. Non-compliance with the tax rules of other countries due to the absence of knowledge. E. Risks of systems and infrastructure failures due to poor system development and implementation as well as hacking. F. Foreign currency risks as the purchase of goods and sales of goods are denominated in different currencies. G. International shipping risks. H. Risks associated with the e-payment system.

41 42	43 44 45
Determine system. (2	three internal controls (including General IT Controls) that could mitigate the information technology risks in AEC Limited's e-commerce trading marks)
	ontrols over the development and implementation of systems used to support the e-commerce retailing trading transactions and the keeping of isiness records for financial reporting and other purposes.
B. Us	ing unencrypted websites and electronic shopping carts.
C. Sto	ore sensitive consumer information in the online system.
D. Gr	rant employees' access to all information.
E. Us	ing fire walls and virus protection software to protect the e-commerce trading system of the company.
F. M	aintaining foreign currency hedging procedures to address the foreign currency risks from the expansion of the business.
	odating knowledge on the new technologies that give rise to the risk exposed to the internet security and keeping up to date the effective use of chnology for the protection of the e-commerce trading system.
☐ H. M	aintaining a compliance department to ensure compliance with tax rules, law and regulations.
41 42	43 44 45
Determine Limited. (2	which of the followings are NOT the appropriate audit procedures to address the valuation assertion regarding the slow-moving VCDs of AEC marks)
A. Re	econcile the inventory movement between the inventory count date and year end date.
B. Ch	neck whether there are any sales of the VCD items subsequent to the year end date.
	otain understanding of the inventory impairment policy of the company.
	scertain the inventory balance at the beginning of the financial year.
	onduct substantive audit procedures to ascertain the existence of sales transactions during the year.
F. Fo	or inventory items with movement during the year and after the year end date, check whether the selling price is lower than the cost.
G. Ch	neck the reasonableness of the impairment of inventory estimated by the management for the current year.
☐ H. Fo	or inventory items without movement during the year and after the year end date, discuss with the management and request evidence of the realisable lue.
41 42	43 44 45
	ne audit evidence obtained, the audit team concluded that the value of VCDs at year end should be written down by HK\$300,000. An audit adjustment by balance is proposed by PF & Co but the management insisted to keep the current book value as they considered AEC Limited has a broad market platforms.
	e audit team did not satisfy with the explanation and no additional evidence could be provided by AEC Limited to support the value of VCDs, what type of auditor's opinion would be expressed by PF & Co. (2 marks)
O A. Un	modified opinion.
	ualified opinion.
_	verse opinion.
	sclaimer opinion.
_	modified opinion with a separate section under the heading "Material Uncertainty Related to Going Concern".

For Questions 46, 47 and 48

You are required to complete three questions based on the following scenario.

You are the audit senior of Dan & Co. Certified Public Accountants auditing an existing client, Stan Ltd. A customer is suing Stan Ltd for HK\$2 million for damage to property and breach of contract. The court case took place after the financial year-end date and management believe they have a 35% chance of success. The finance director of Stan Ltd has informed you that he intends to include a provision for a liability of HK\$2 million and they are suing their contractor for the damage because it was his company that caused the damage. The finance director said that the financial statements will also recognise a receivable of HK\$2 million in respect of the claim against their contractor. Based on the audit evidence obtained, an unmodified audit opinion is expected to be expressed.

* * * END OF SCENARIO * * *
46 47 48
Determine which of the following are NOT the substantive procedures which Dan & Co. could be performed to obtain sufficient and appropriate audit evidence in respect of the litigation claim from Stand Ltd's customer. (2 marks)
A. Review correspondence from the customer to assess whether a present obligation as a result of a past event has taken place and also with the contractor to assess whether they accept liability for the damage caused.
B. Inquire of the company's lawyers to obtain their view as to the probability of the claim from customer and the likely amounts involved.
C. Review Board minutes to understand whether the directors believe that the claim from customer will be successful or not.
D. Review the post-year-end cash book to assess whether cash has been received from the supplier.
E. Discuss with management why they believe a reimbursement receivable is appropriate as this is likely to be a contingent asset and should only be recognised if the receipt of cash is virtually certain. If probable, the amount should be disclosed as a contingent asset.
F. Obtain a written representation confirming management's view that the claim from customer is likely to be successful and therefore a provision for a liability is to be included.
G. Ensure that the reimbursement receivable is properly accounted in the statement of financial position.
H. Review the adequacy of the disclosures in the financial statements and ensure the disclosure comply with Hong Kong Accounting Standard 37 Provisions, Contingent Liabilities and Contingent Assets.
46 47 48
If Dan & Co. concluded that the provision for a liability did not fulfill the recognition criteria (i.e. it is not probable to have an outflow of economic benefit to satisfy the obligation; and the obligation cannot be reliably measured). Stan Ltd. agreed to reverse the provision in its financial statement and disclose the legal case as a contingent liability. Identify which of the following is the potential implications for the auditor's opinion. (2 marks)
A. No change to the auditor's opinion.
B. Express a qualified 'except for' opinion.
C. Express an adverse opinion.
D. Expressed a disclaimer opinion.
46 47 48
If the chance of claiming the damage from the contractor found to be remote (i.e. less than 5% of success chance as estimated by the auditor's external lawyer) but Stan Ltd. insisted to keep the receivable in its financial statement. Identify which of the following is the potential implications for the auditor's opinion. (2 marks)
A. No change to the auditor's opinion.
B. No change to the auditor's opinion if Dan & Co. agreed to disclose the fact.
C. Express a qualified 'except for' opinion if the misstatement found to be material but not pervasive.
D. Express an adverse opinion.

For Questions 49 and 50

You are required to complete two questions based on the following scenario.

You are the audit senior of Malick Limited whose year-end is 31 December 2024. The company has a number of related parties who are either fellow subsidiaries or companies under common control. The audit junior has noted that the audit engagement partner has confirmed that there is a higher risk of material misstatement where related-party transactions are concerned and is unsure what she means by this comment. In addition, the audit engagement partner has also requested that audit procedures be developed at the risk assessment stage which address the specific requirements of Hong Kong Standards on Auditing 550 *Related Parties*, keeping in mind the high-risk nature of related parties.

* * * END OF SCENARIO * * *

49	50
Identify	which of the following is NOT the reason to support a higher risk of material misstatement in respect of transactions with related parties. (2 marks)
O A.	Related parties may operate through an extensive and complex range of relationships and structures, with a corresponding increase in the complexity of related-party transactions.
О в.	The transaction volume of related-party transactions is normally large.
О c.	Information systems may be ineffective at identifying or summarising transactions and outstanding balances between an entity and its related parties.
O D.	Related-party transactions may not be conducted under normal market terms and conditions.
49	50
Detern	nine which of the audit procedures the auditor should carry out at the risk assessment stage of the audit in respect of related parties. (2 marks)
(1)	Verify the list of related parties provided by management.
(2)	Discuss among the engagement team the susceptibility of the financial statements to material misstatement due to related parties or transactions with them.
(3)	Inquire of management as to the identity of related parties, including any changes from the previous year.
(4)	Conduct company search to related parties to ascertain the adequacy of information provided by management.
(5)	Apply professional scepticism at all times throughout the course of the audit, recognising the possibility that there may be related parties or related-party transactions which the auditors may not be aware of.
(6)	Review the related-party transactions disclosed in the company's financial statement.
(7)	Obtain the written representation from management to confirm the related parties' relationship.
О A.	(1), (2), (3) and (5).
О В.	(1), (2), (3) and (6).
	(2), (3) and (5).
	(2), (3), (4), (5) and (7).
	All of the above.
