- Venue** Hong Kong Institute of CPAs Training Centre, 27/F., Wu Chung House, 213 Queen's Road East, Wanchai, Hong Kong

- Highlights** The Institute is seeking comments on the following IASB Exposure Drafts
- (i) Financial Instruments: Classification and Measurement (IAS 39 Replacement)
 - (ii) Fair Value Measurement
- The IASB's objectives for publishing the ED on IAS 39 Replacement are:
- (a) to address many users of financial statements and other interest parties requests to develop a new standard of financial reporting for financial instruments that is principled-based and less complex.
 - (b) to address how improvements in financial reporting could help enhance investor confidence in financial markets.
 - (c) to respond the conclusions of the G20 leaders and recommendations of international bodies such as the Financial Stability Board.
- The IASB's objectives for publishing the ED on Fair Value Measurement are:
- (a) to establish a single source of guidance for all fair value measurements required or permitted by IFRSs to reduce complexity and improve consistency in their application.
 - (b) to clarify the definition of fair value and related guidance in order to communicate the measurement objective more clearly.
 - (c) to enhance disclosures about fair value to enable users of financial statements to assess the extent to which fair value is used and to inform them about the inputs used to derive those fair values.
- The ED does not require additional fair value measurements.
