INDICATIVE LEVEL

The levels of competence that have been indicated are as follows:

Level 1 – Awareness

The candidate demonstrates familiarity with the concept in question, can define it in overview terms and can relate the importance or relevance of the concept to the activities of a certified public accountant.

Level 2 – Knowledge

This builds upon awareness. The candidate is able to explain the concept; describe and discriminate between its component parts and describe their inter-relationships; recognise instances of the concept; describe processes, theories and judgement issues; without necessarily being able to perform in those areas with professional skill.

Level 3 – Skill

This builds upon knowledge. The candidate is able to execute or implement knowledge; apply the knowledge to real world problems in real world situations. In so doing, the candidate can display to a satisfactory degree the level of competence reasonably to be expected of a certified public accountant at career entrance level.
